

# Derail 'Fast Track' NOW

**Congress is expected to vote on "fast track" later this month. And you can help derail this legislation with a free phone call.**

**Call your members of Congress on July 17—the *Stop Fast Track e-Activist National Call-In Day*. Call them toll-free at:**

## 1-800-393-1082

**Tell your members of Congress that working families need fair and balanced trade, which protects people and the environment—NOT Fast Track.**

**If Congress gives Bush this trade authority, we'll see more trade deals like NAFTA, more job losses and shrinking wages, more attacks on worker rights and more devastating pollution of our air and water. You can begin calling today, but please remember to call July 17. Make your voices heard. You CAN make a difference!**

**We defeated "fast track" in 1997 and 1998 because it didn't include any protections for workers' rights and for the environment. Tell Congress to get off "fast track" and get on the right track.**
